1898 Norfolk Portsmouth, and Berkley City Directory

PREFACE.

N presenting our second edition of the Norfolk, Portamonth and Barkley Directory, we desire to thank the elizates of these enterprising and progressive eities for their liberal patronage and many courtesies extended to a sand to our exactsessers. In return we have labored faithfully to muke this Directory a reliable and complete book of information.

It must be gradifying to the community to note from the secompunying statistics that the growth of Norfolk, Portsmouth, and Berleley has been not only healthy and atsoly; but phonomenal during the past year.

Recognizing the cosmopolian importance of the three cities, and desiring to aid our patrons more promptly and efficiently, we have established a permanent office at No. 2 Granhy street, in charge of Mr. F. D. Bolton, who personally superintended the canvass of the present book and who is in a position to give our friends special and exhausts information.

In our office at No. 2 Grauby strees will be found the latest edirious of Directories of the leading cities of the United States. The free use of these books is gladly tendered to all of our patrons.

Respectfully,

J. L. HILL PRINTING CO., Richmond, Virginia.
